

Hunter A V Technologies

Hunter USB Type-C Active Optic Cable

High-Speed Data Transfer
and Reliable Connectivity

USB Type-C

Hunter USB Type-C cable are Universal connector for data and power with reversible design

No signal Loss

Hunter's USB type-C Active Optic Cables ensure reliable and stable signal transmission with minimal signal loss.

Plug & Play

USB type-C Active Optic Cables do not require additional software

Bandwidth

USB type-C Active Optic Cable can transfer up to 20.6 Gbps

Premium Zinc Alloy

The housing material of Hunter's USB type-C Active Optic Cables is made of premium zinc alloy, ensuring the durability and longevity of the cables.

4K Resolution

USB type-C Active Optic Cables have been designed to support a 4K resolution at 60Hz, providing high-quality video output

Key Features and Benefits

- ✓ Resolution

It supports a maximum resolution of 4K@60Hz, providing a crystal-clear picture quality for an immersive visual experience.
- ✓ Gold-Plated Connectors

The connectors are gold-plated, which helps to improve signal conductivity and minimize signal loss for enhanced audio and video performance.
- ✓ Male-to-Male Connection

The cable features male connectors on both ends, ensuring a secure and reliable link between devices.
- ✓ PVC Jacket

The cable is encased in a PVC jacket, which adds flexibility and durability, making it easy to install and manage.
