

## Enhancing HDMI Signal Distribution: The Power of Splitters with Range Extenders

### Resolution

HDMI Splitter Range Extenders Supports Full HD resolution up to 1080P and 4k@60Hz

### IR Control

Remote control operation is possible with HDMI splitter range extenders.

### USB 2.0

Splitter Range Extender USB 2.0 connectivity up to 100 meters over a single Cat6e cable

### Cat 5e/6

HDMI Splitter Range Extender supports extended transmission distance up to 50 meters over a single Cat 5e/6 cable.

### Audio Support

Audio Supports LPCM 7.1CH, Dolby True HD, and DTS-HD Master Audio.

### Transmission distance

HDMI Splitter Range Extender can Transmit up to 50m

## Key Features and Benefits

### ✓ High-Definition Support

Hunter HDMI splitters with range extenders are designed to support high-definition resolutions, including Full HD (1080p) and Ultra HD (4K).

### ✓ Cascading Support

Hunter HDMI splitters with range extenders offer cascading capabilities, allowing you to connect multiple splitters in a series to expand the number of displays.

### ✓ EDID Management

Hunter splitters with range extenders feature EDID (Extended Display Identification Data) management, which ensures compatibility between the source device and the connected display

### ✓ Flexibility in Display Placement

With range extenders, HDMI splitters allow you to extend HDMI signals over long distances using cables, such as Cat5e/6/7 or fiber optic cables.
